

ALLIANCE

- * - Tie down extra four I/Os with resistor
- + - Tie down extra two I/Os with resistor

For GSI Industrial Temp. part numbering:

Add "I" at the end of each part number for Industrial Temp.

For Alliance Industrial Temp. part numbering:

Replace "C" with "I" at end of part number.

For part numbers that are Lead Free, change the "C" to an "I" right before the "N" at the part number.

For example: AS7C251MNTD36A-133TQCN becomes an AS7C251MNTD36A-133TQIN for industrial temp.
